

Status of works, names and nomenclatural acts in *Official Lists* and *Indexes*

80.6. **Status of works, names and nomenclatural acts in *Official Lists*.** The Commission publishes the effects of its Opinions on individual names and works in the *Official Lists* and *Official Indexes*. In the case of names and works in the *Official Lists*:

80.6.1. A name entered in an *Official List* is an available name.

80.6.2. The status of a name entered in an *Official List* is subject to the ruling(s) in any relevant Opinion(s), including any Official Correction of an Opinion [Art. 80.4]; all other aspects of its status derive from the normal application of the Code. However, if such a name is given a different status in the *List of Available Names in Zoology* the latter status is deemed to be correct [Art. 80.8].

80.6.3. A name may be placed in an *Official List* without any additional qualification.

80.6.4. If a name entered in an *Official List* is thought to be a synonym of another available name (whether in an *Official List* or not), their relative precedence is determined by the normal application of the Code unless the Commission rules or has ruled otherwise.

80.6.5. A name or nomenclatural act occurring in a work entered in the *Official List of Works Approved as Available for Zoological Nomenclature* is subject to the provisions of the Code and to any limitation imposed by the Commission on the use of that work in zoological nomenclature.

80.7. **Status of works, names and nomenclatural acts in *Official Indexes*.** The Commission publishes the effects of its Opinions on individual names and works in the *Official Lists* and *Official Indexes*. In the case of names and works in the *Official Indexes*:

80.7.1. A work, name or nomenclatural act entered in an *Official Index* has the status attributed to it in the relevant ruling(s).

80.7.2. A name or nomenclatural act occurring in a work entered in the *Official Index* has no availability or validity in zoological nomenclature, unless the Commission by use of its plenary power rules otherwise. However, such a work may be used as a source of information relevant to zoological nomenclature unless the Commission has ruled that the work is to be treated as unpublished.

80.8. **Contradictory status accorded by the Commission to names in the *List of Available Names in Zoology* and in the *Official Lists*.** In the event of contradictory status being accorded by the Commission to a name included in the *List of Available Names in Zoology*, in an *Official List*, or in an Opinion, the status accorded in the *List of Available Names in Zoology* is deemed to be correct unless the Commission has ruled otherwise [Art. 79.5].
